We have trade-winners, high-grade, and low-in-price HEATERS—the most economical ever invented.

They will burn knots, chunks, chips, and anything else that is combustible, and will give greater heat with less fuel than any other stove in existence and heat more quickly. They will keep the room warm all night-any night and every night. You can keep your room at any temperature. They are as cheap as coal and cheaper than a coal steve. They help both farmer and merchant.

I also have a few coal stoves and box heaters AT COST TO CLOSE We have also the new, improved Oil

Heaters-SMOKELESS, ODORLESS AND PORTABLE-suitable for your bed room, dining room, and parlor.
